RE: Non-conforming NIOSH Approved Product

This notice serves as an official notification pertaining to a non-conforming incident, involving the production of 100,000 PT-N95F-01S respirators which are approved under TC-84A-9288.

These respirators produced using materials and processes that were not conforming to the NIOSH approval issued. The following finished good lots affected are as follows:
Manufacture dates were: Last week of Feb 2021 - March 2021

Lot# PT-N95F-01S-204-2021
Lot# PT-N95F-01S-301-2021
Lot# PT-N95F-01S-302-2021
Lot# PT-N95F-01S-303-2021
Lot# PT-N95F-01S-304-2021

These respirators do not conform to the NIOSH approval issued and should not be utilized in occupational settings where NIOSH approved respirators are required. We are extremely apologetic, as we are well aware of the inconvenience this non-conformance has caused. Please reach out directly to our Customer Service team for any remediation activities, as our customer satisfaction and industry compliance is our top objective.

Best Regards,
